PROJECTS

1 **Dice**
Two-player dice game using HTML, CSS, and jQuery. In this game, each player rolls a die, and the player with the higher roll wins.

2 **Drum kid**
Drum kit project using HTML, CSS, and JavaScript. It features images of various instruments, each producing the corresponding sound effect when clicked, providing an interactive musical experience.

3 **Simon Game**
Simon game using HTML, CSS, and J-query. Players follow a pattern of colors to advance levels. If they make a mistake, the screen flashes red for a second, and the game restarts.

MINI PROJECTS

1 **Frontendmentor Projects**
I created several front-end projects using HTML, CSS, and JavaScript. These include a Blog Preview Card with responsive styling, a Social Links Profile with interactive social media links, a Recipe Page for clear recipe presentation, a FAQ Accordion for collapsible answers, and a Newsletter Sign-Up Form with real-time validation and success feedback. Each project enhanced my skills in layout design, styling, and interactivity
